## MESSAGE FROM OSU PRESIDENT BURNS HARGIS

The security of our campus and the safety of students, employees, and visitors are of utmost importance to all of us at

Oklahoma State University. The University invests significant personnel and resources to keep the campus one of the safest in the region and to comply with all federal regulations and laws.

The primary focus of our work is education and that includes ensuring that students and employees educate themselves about personal safety and the safety of those around them.

We offer training and resources through the OSU Police Department, the Department of Environmental Health and Safety, Division of Student Affairs, Human Resources as well as other areas.

One of the most important safety tools is communications. Our Cowboy Alert system is available to all students and employees and is our primary method of communicating in a weather event or other emergency.

To sign up for Cowboy Alert, go to [safety.okstate.edu](https://safety.okstate.edu).

While OSU works hard to provide a higher level of safety, the best defense against crimes and accidents is to be informed and educated on personal safety, be aware of your surroundings, and report suspicious activity to proper authorities.

I hope you will join me in keeping OSU a safe and welcoming campus.

  
V. Burns Hargis

## POLICE SERVICES

The OSU Police Department is an accredited policing agency, and was initially accredited by the Oklahoma Association of Chiefs of Police (OCAP) in 1998. The OSU Police Department was the first agency in the State of Oklahoma to become accredited, and continues to be a leading professional organization by adhering to the best policing practices as prescribed in the accreditation standards. The Department's overall strength (authorized positions) is 32 sworn officers who have full enforcement and arrest authority on the OSU campus. The men and women of the OSU Police Department attend the same state police basic academy as most other law enforcement agencies in Oklahoma. To provide the best services possible to the OSU community, OSU Police have mutual aid agreements with both Stillwater Police and Payne County Sheriff's Office, allowing for cooperation in enforcement activities. Most low-threat duties, such as entrance assists, SafeWalk escort program, and selected security assignments, are accomplished with student Public Service Officers.

OSU Police officers provide a positive image to visitors and members of the campus community, whether it is providing directions, parking information, or just a friendly welcome. Our officers represent this University as a group of caring and professional people, intent upon enhancing a friendly community atmosphere. Necessary enforcement includes using alternatives to arrest when reasonable. Our participation in athletic and special events ensures that all aspects of planning consider the safety and security of all participants. OSU Police officers provide professional crowd control and traffic regulation before, during, and after such events.

Students and staff find our office willing to share statistics, insights, and experiences as a basis for class reports or vocational interests. OSU Police managers seek proactive means to avoid problems and situations, whether it is suggesting added security measures, providing insight on planned activities, or using investigative analysis to assign a deterrent force.

For the OSU Police, "service" is not just a word or a part of a catchy slogan, but a way of life. Services such as motorist assists, money transports, and emergency message notifications are handled routinely. OSU's blue emergency phone system is still being copied by other universities, although our network has been operating for over twenty-five years.

Operating under a grant from the Oklahoma Highway Safety Office, the OSU Police launched a Campus Community Alcohol Safety Effort (C-CASE) program aimed at promoting seatbelt use and educating our citizens, primarily the students, about the effects and penalties of alcohol use and abuse. A second positive effect of the C-CASE effort has been the strict enforcement of alcohol-related laws, which has been dramatic in getting drunk drivers off campus streets and ultimately preventing accidents. This program continues, in part, with emphasis on preventing underage drinking.

Thousands of visitors, campers, fishermen, and sightseers visit Lake Carl Blackwell and surrounding recreational areas. OSU Police officers provide them with friendly and proficient police protection, including lake-patrol and rescue operations on the water.

Overall, the OSU Police Department believes in providing proactive law enforcement and service to you, the University community.

## CRIME REPORTING

Crime victims and witnesses to a crime, regardless of the crime, are encouraged to promptly report incidents to the OSU Police or other appropriate police agency. To report a crime, the victim or witness need only to call the police phone number and a police officer will meet them to gather information. An official report is made with copies available to the victim after a completed investigation. Each day the incidents from the previous day, excluding names, are summarized and made available to the public, key OSU staff, other law enforcement agencies, and the media. The public can access the daily activity summary via the internet by visiting the OSU Police Department website (<http://police.okstate.edu>) and clicking on the Activity Summaries tab.

Each month the number of incidents in each category of crime are counted and reported to the Oklahoma State Bureau of Investigation, which in turn provides the information to the Federal Bureau of Investigation. These statistics are then published and made available to the public at [https://ok.gov/osbi/Publications/Crime\\_Statistics.html](https://ok.gov/osbi/Publications/Crime_Statistics.html).

Each year, the FBI publishes a book of crime statistics called "Crime in the United States," which includes accurate accounting of the criminal incidents which occurred on the OSU campus. OSU has reported crime statistics in this manner since the FBI began publishing campus crime statistics in 1971.

## CRIMES IN PROGRESS

To report a crime in progress, a person, victim or witness, can dial 911, use one of the blue emergency telephones, use the Orange Shield phone app, or call one of the listed police phone numbers. Any reporting method will stimulate the

response of police, fire, ambulance, or other first responders. In addition, the victim of a serious crime can request support personnel, such as ministers, victim advocates, or counselors, during or after reporting the incident.

Additionally, crime victims may be eligible for funds through victims' compensation laws administered by the local district attorney. See [https://www.ok.gov/dac/Victims/Victims\\_Compensation\\_Program/](https://www.ok.gov/dac/Victims/Victims_Compensation_Program/) for more information.

Prompt reporting of criminal activity to the police enables a quick response, a timely warning, and makes the campus safer for everyone.

## IF YOU ARE THE VICTIM OF A CRIME OR WITNESS TO ONE, YOU SHOULD DO THE FOLLOWING:

1. Call the police immediately:  
405-744-6523 or 311 (from campus phones)  
911 (for emergencies)  
Orange Shield phone app  
405-744-TIPS (8477)
2. Obtain a description:  
Attempt to obtain a description of the offender, including gender, age, race, hair, clothing, and distinguishable features. Also attempt to obtain a description and license number of any vehicle involved. Note the direction of travel of any offender or vehicle, and report these to the police. If using the Orange Shield phone app, pictures or video can be transmitted directly to the OSU Police on the iReport feature of the app and the caller/user can remain anonymous if desired.

3. Preserve the crime scene:

Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until police arrive.

## TYPES OF CRIMES REPORTED TO POLICE:

1. **SEXUAL ASSAULT:** If you are a sexual assault victim, report it to the police immediately. Preserve the physical evidence. Do not bathe, douche, use the toilet, or change clothing. If you have been raped, you should seek medical treatment immediately, regardless of whether you report the matter to the police.
2. **TELEPHONE HARASSMENT:** Obscene or threatening telephone calls should be reported to the police immediately. Other harassing phone calls should be reported if they persist. If you receive such a call, remain calm and hang up. Always record the exact time and date you received the call. This information will assist police investigators.
3. **BOMB THREATS:** If you know of a bomb threat, contact OSU Police at 911, or use the Orange Shield phone app. Notify your supervisor, department head, or community mentor and wait for further instructions. Record as much information about the call as you can remember.
4. **BURGLARY AND LARCENY:** Property crimes are the highest reported crimes on the OSU campus. To aid police in locating property, we recommend you always record the serial numbers of any items of value (such as computers, cell phones, televisions, etc.). If you feel you have been a victim of a property crime, report the incident immediately to the OSU Police at 405-744-6523 or use the Orange Shield phone app.

5. **ASSAULT AND BATTERY:** The best thing to do when confronted in an assault and battery situation is to try to escape and immediately notify the police by dialing 911 or using the Orange Shield phone app.
6. **OTHER CRIMES:** There are many other crimes that occur on campus. Generally, you should protect yourself and others and report information to police as soon as practical.

## CRIME DISCLOSURE

University policies and procedures require the publication of annual crime statistics. Included in this report are crimes reported to the Campus Police and other campus officials including, but not limited to, Athletics, University Health Services, Housing and Residential Life, and Student Conduct Education and Administration. Community members may report crimes anonymously through Crime Stoppers. The Orange Shield phone app also provides a mechanism to report crimes anonymously by using the iReport feature within the app.

## CONFIDENTIAL REPORTING OF CRIME

Confidential reporting is allowed at Oklahoma State University. If, a person does not wish to report an on-campus crime or suspected crime to the police, that person may anonymously report it to the Crime Stoppers Program, or utilize the iReport feature of the Orange Shield phone app.

## REPORTING SUSPICIOUS ACTIVITY

- If you see any suspicious activity or person on or near the University campus, it is your responsibility to call the University Police at 405-744-6523, 311, or 911 for emergencies, or use the Orange Shield phone app. You can also

use one of the many blue light emergency telephones strategically located across campus.

- Do not assume what you see is an innocent activity or that another individual has already called the police. Do not worry about being embarrassed; rather, think about what could happen if you do not act.

### SUSPICIOUS PERSONS MAY INCLUDE:

- Person loitering about at unusual hours and locations.
- Person running, especially if the person is carrying something of value.
- Person exhibiting unusual mental or physical symptoms. Person could be under the influence of drugs or needing medical or psychiatric assistance.

- Person going from door to door trying to gain access into a building.

### OTHER UNUSUAL SITUATIONS:

- Open or broken doors or windows.
- Unusual noises — anything suggestive of foul play, danger, or illegal activity.
- Person sitting in parked vehicle for an extended period of time.
- Vehicles driving slowly in a parking lot or parking garage at night.
- Any person not affiliated with the University community.

- Do not assume the person may be a visitor or University staff that you have not seen before. Call the University Police immediately.

### STEPS TO FOLLOW TO ENSURE THE SAFETY OF YOUR BICYCLE:

1. Register your bicycle with Parking and Transit Services.
2. Engrave your student identification number on your bicycle, and keep a record of the serial number.
3. Lock your bicycle at a bike rack.
4. Use a high quality “U” bolt lock and/or a quality chain or cable and lock. Place the chain, cable, or lock through both wheels, the frame, and around the bicycle rack. Take the front wheel and/or seat with you, if removable.
5. Always lock your bicycle when not in your physical control.
6. If your bicycle is stolen, contact the University Police or local municipal police immediately.

### JUVENILE CURFEW

In order to better provide for public safety on the OSU campus, a juvenile curfew is in place. Generally, persons under 18 years of age are disallowed to roam, loiter, bicycle, skateboard, rollerblade, or otherwise linger on campus between the hours of 11 p.m. to 6 a.m., Sunday through Thursday, and 12 midnight to 6 a.m., Friday and Saturday nights.

#### *Exceptions:*

- OSU students or staff.
- Juveniles escorted by parents or adult guardian.

- Juveniles escorted by students, faculty, or staff.
- Juvenile residents of University Apartments en route between apartments, automobiles to apartments, or while performing a task directed by a parent or guardian.

#### *Sanctions:*

**FIRST OFFENSE** — Apprehension, informed of the curfew and warned;

**SECOND OFFENSE** — Apprehension, call parents, release to parents, and issue “notice to vacate campus”;

**THIRD OFFENSE** — Apprehension, arrest for violation of trespassing as defined in Oklahoma Statutes Title 21, Section 1376. This applies to non-University apartment residents.

### BLUE PHONES

The University has more than 75 blue emergency telephone stations throughout campus. From these phones you can contact OSUPD and an officer will respond.

### REPORTING BEHAVIOR OFF CAMPUS

Student Affairs maintains contact with recognized fraternity and sorority organizations through the efforts of the Assistant Director of Fraternity and Sorority Affairs. The OSU Police do not provide law enforcement service to off-campus residences of recognized fraternity and sorority organizations. Criminal activity at recognized fraternity and sorority residences is monitored and recorded by the Stillwater Police Department. Student Affairs and OSU Police enjoy a close working relationship with the Stillwater Police when violations of federal, state, or local laws surface.

## TIMELY WARNINGS

The OSU Police carefully review all reports of criminal activity and, when appropriate, warn the OSU community of serious crimes or threats occurring on or near campus.

Upon completion of reviewing all information, the OSU Police may provide warnings to the OSU community. These warnings are posted on the Campus Safety website located at <http://police.okstate.edu>. Depending on the nature and level of the threat, other forms of media may be also used to disseminate timely warnings. These may be sent via voicemail, or timely warnings sent electronically to campus email accounts. Timely warnings will be made as soon as is safely practical.

## EMERGENCY NOTIFICATION SYSTEM

In the event of a campus emergency, Oklahoma State University may use a variety of tools to communicate to the campus and the public. Depending on the nature of the emergency, OSU may use all or some of the following:

- **TEXT AND VOICE ALERTS** — The “Cowboy Alert” system is available to all campus faculty, staff, and students. You can register your cell phone to receive a text message and/or voicemail through your O-key account at [www.okey.okstate.edu](http://www.okey.okstate.edu).
- **SIREN SYSTEM** — Sirens are tested around 11:30 a.m. on the first Tuesday of every month. They can deliver a siren warning and/or public address announcement in the event of certain emergencies.
- **PA SYSTEM** — Various campus buildings have PA systems that can alert those in the building of an emergency situation and provide response details.

- **UNIVERSITY GROUP EMAIL** — The University may send “urgent” e-mails to the entire campus providing notification and directions during an emergency.
- **SOCIAL MEDIA** — OSU will use Facebook, Twitter, and other social media tools to provide updates on campus closures or emergency situations.
- **CABLE TV/CAMPUS MONITORS** — OSU has the ability to override the campus cable system, providing emergency notification via the campus TV system in many University buildings and residential housing.
- **LOCAL MEDIA** — The OSU Communications office works with local media – radio, television, and newspapers – to help announce and update campus closures or emergency situations.
- **WEATHER RADIOS** — Various offices across campus have weather radios that provide the latest in severe weather information.
- **PATROL CAR ANNOUNCEMENTS** — Campus police vehicles are equipped with PA systems that allow officers to communicate during emergencies.
- **CALLING TREES** — Many University departments and organizations have call trees in place to notify their employees and students of an emergency situation.
- **CAMPUS SAFETY WEB SITE** — You may want to bookmark <http://safety.okstate.edu>, which provides links to a variety of safety information and will be updated with details during actual emergencies or campus closures.

The OSU Police Department and the Vice President for Administration and Finance or designee are typically the ones who deliver emergency information to University administration. Upon receiving information, administration will without

delay, and taking into account the safety of the community, determine the content of any emergency notification and initiate a notification, unless issuing a notification will, in the professional judgement of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In emergency situations where immediate action is required, OSU Police may activate sirens and employ other resources.

Oklahoma State University campus could be subjected to a situation requiring evacuation at any time. Because of this, the OSU Department of Public Safety has developed an evacuation plan in collaboration with a number of University and community partners. The plan was developed to outline an evacuation procedure that protects the health, safety, and welfare of all students, faculty, staff, and visitors. Authority to issue a campus evacuation order rests with the President of the University or designee and is based on the situational observations by the OSU Department of Public Safety. Once an evacuation has been ordered the University Emergency Operations Center will be activated and will lead and manage the process. In addition to notifying the campus community, the University will also inform the local community as soon as reasonably practical. OSU Communications will coordinate all messaging to both on and off campus communities as well as media outlets. OSU's Manager of Emergency Operations works with the University's Information Technology Department, the City of Stillwater, and Payne County to maintain our emergency communication system(s) and schedule routine tests on at least an annual basis of each method available to the campus.

## MISSING STUDENT NOTIFICATION

In accordance with Section 485 of the Higher Education Act, 20 U.S.C. § 1092(j), Oklahoma State University has developed this investigation and notification policy regarding students who reside in on-campus housing and have been reported as missing.

Any report to a University official or campus security authority indicating that a student who resides in on-campus housing is missing shall be referred immediately to the Oklahoma State University Police Department, and an investigation shall be conducted. If the initial investigation determines that the student is missing, the following persons shall be notified:

1. A confidential contact person designated by the student:

Students have the option of identifying a person of their choice to be contacted in the specific case they are determined missing. Students can choose to identify the same person as their general emergency contact or identify a different person who is more likely to know their whereabouts if determined missing (for example a roommate, close friend, or in-town relative might be more familiar with an individual's daily movements than out-of-town family or friends). Their choice can be entered as a *Confidential Contact* and kept updated on their O-Key account services page at [okey.okstate.edu](http://okey.okstate.edu). The person you designate and their contact information shall be considered confidential and is only to be accessed by University officials after the student has been reported

missing. This confidential contact person database can be used by any OSU student, whether they live on-campus or not.

2. The student's custodial parent(s) or legal guardian(s), if the student is under 18 and not an emancipated minor.
3. Local law enforcement authorities:

The Oklahoma State University Police Department will work with other law enforcement agencies, if necessary, once a student is determined to be missing.

University officials may elect to notify additional persons determined to be appropriate and consistent with the Family Educational Rights and Privacy Act, 20 § 1232(g).

**IMPORTANT:** Students are encouraged to share pertinent information with family and friends when leaving campus or taking trips. Sharing this information will enable University staff, as well as family and friends, to contact them if the need arises. In addition, students are encouraged to periodically update their emergency contact information in O-Key.

## Safety

### HARASSING PHONE CALLS

Telephone harassment is both a nuisance and a crime and will not be tolerated on the Oklahoma State University campus.

#### IF YOU ARE A VICTIM OF TELEPHONE HARASSMENT, PLEASE FOLLOW THESE STEPS:

1. As soon as you realize the nature of the call, **HANG UP**. Remain calm. Do not talk or try to discover the caller's identity.
2. If calling persists, or if any call is obscene or threatening, call OSU Police at 405-744-6523, or use the Orange Shield phone app. If off campus, call the agency within the jurisdiction you are located and report the activity.
3. If calling persists, keep a time log of calls received, what was said by all parties, and a description of the voice.

### MEDICAL EMERGENCIES

#### STEPS TO TAKE IN MEDICAL EMERGENCIES:

1. Do not move the patient unless his or her life is in danger.
2. Have someone stay with the patient until help arrives.
3. Call 911 or use the Orange Shield phone app. Tell them your name, your exact location, and a brief description of the problem. Do not hang up until told to do so.
4. Meet emergency personnel to guide them to the patient.

### MEDICAL ILLNESS AND MINOR INJURIES

The OSU University Health Services is a primary (outpatient) healthcare facility designed to provide cost-effective health-care and health information to the students at Oklahoma State University.

### ELIGIBILITY

Students who are currently enrolled at Oklahoma State University and who have paid the required Student Health Fee are eligible. Non-enrolled spouses of students can also use all services of the University Health Services by paying the health fee. Students who have questions concerning eligibility can contact the University Health Services Business Office at 405-744-7013.

### HOURS ACCESSIBLE:

8:00 a.m. – 5:00 p.m. throughout the year

### UNIVERSITY HEALTH SERVICES PROVIDES:

1. Outpatient services for students.
2. Pharmacy, x-ray, and laboratory.
3. Women's Clinic by appointment.
4. Allergy extract injections by appointment.
5. Consultations and referrals to other medical specialties.

For appointments call 405-744-7665.

For all other medical services or major medical emergencies, go to the Stillwater Medical Center Emergency Room, located at 1323 West 6th, Stillwater, OK, or call 405-372-1480 for further information.

### NATURAL DISASTERS

The following information is offered as a guideline to aid you in determining what action you should take in the event of severe weather.

**Tornado WATCH:** This means conditions are such that storms capable of producing a tornado may develop.

**Tornado WARNING:** This means that either a tornado has been sighted or it is highly probable that one will develop. A warning will be signaled by the storm warning sirens.

The **TORNADO TAKE COVER SIGNAL** is a 3 to 5 minute **STEADY** sound on the storm sirens. This signal will be sounded on the large sirens located in the University Apartments area, on the main campus, Lake Carl Blackwell, and those installed throughout the City of Stillwater. If the sirens sound again, it is further warning — **NOT** an all-clear signal.

**NOTE:** The storm sirens are tested the first Tuesday of each month, weather permitting, at 11:30 a.m.

Persons should seek **IMMEDIATE** shelter in a basement or lower floor, interior corridors, or interior rooms. If you are in an open-span area such as a gymnasium, auditorium, or warehouse, go to the wall farthest from windows or glass, crouch down against the wall, and protect your head with your arms. **STAY AWAY** from windows and exterior doors. If caught outside a building, lie flat on the ground, face down, preferably in a ditch or depression, but be alert for flash floods.

The OSU Police will open designated “**SEVERE WEATHER REFUGE**” areas in case of storm activity after regular hours. Use caution when traveling to these buildings. A list of designated “**SEVERE WEATHER REFUGE LOCATIONS**” areas can be found at: <http://safety.okstate.edu>.

Persons with disabilities and persons who are mobility impaired must also make plans. If a power outage occurs during severe weather, elevators may not work. Always go to an interior room or closet.

If local radio is available, keep tuned to KSPI-FM (93.7 MHz) or KOSU-FM (91.7 MHz) for storm details. The “**ALL CLEAR**” signal is given over FM radio and **NOT** the storm sirens. Stillwater Emergency Operations Center also broadcasts storm warnings over local cable television.

In case of **LIGHTNING**, OSU has installed and utilizes its own lightning detection and notification system to determine the proximity of lightning to OSU. When lightning is detected within 8 miles of the OSU campus (indicated by an audible horn and strobe light flashing on top of the Outdoor Alerting System, which will remain flashing until an “all clear” is sounded), the warning device will sound a solid 15 second horn blast from the OSU/Weatherbug Outdoor Alerting Systems located at the OSU Soccer Field (West end of Residential Life S-41), OSU outdoor track, Colvin Center Intramural Field (located on top of Wellness Center), North Intramural Field (located on the Southwest Corner of the Fire Publications building), Colvin Center swimming pool/tennis courts and at the Cowboy baseball fields. An “all clear” is announced by three short 5-second horn blasts and the strobe light on each device will turn off.

## FACILITIES ACCESS

Oklahoma State University is comprised of many buildings that serve varied functions and satisfy the diverse needs of its students, faculty, and staff. These facilities are readily accessible to students, faculty, and staff during normal working hours.

It is OSU policy to lock the doors of buildings that are not in use. Many buildings, including residence halls, have key or electronic door locks for after-hours security. However, when working or studying in buildings after normal working

hours, it is suggested that individual offices be locked, based upon the assumption that unrestricted access to the building is possible.

Some buildings on campus are rarely locked, at the department’s request, since students study and work on projects all hours of the day and night. Again, individual offices should be locked by the user on the presumption that the building is accessible.

Residence hall entrances are generally locked 24/7 and can only be opened by a resident’s student identification card or key. Main entrances are open at various times when the front desk is staffed. Residents residing in apartments are responsible for locking their doors. For questions regarding the open-door schedule email [reslife@okstate.edu](mailto:reslife@okstate.edu). Instances of propped doors have occurred. Residents are encouraged to take security precautions by shutting propped doors. Individual rooms should be locked at all times for your safety.

## PERSONS WITH DISABILITIES

If a classroom, office, or meeting space is physically inaccessible, contact the Coordinator of Student Disability Services for information and assistance at 405-744-7116.

## LOST AND FOUND

The Oklahoma State University Lost and Found is located at the OSU Police Department. Additionally, there are lost and found areas located in other campus buildings. After a certain period of time, all buildings and offices are encouraged to forward any found items to the OSU Police Department to maintain a central location for persons seeking lost property.

The OSU Police Department will maintain a database of items reported missing and cross-check them with items submitted to lost and found. The identified owners will be notified immediately, and arrangements will be made to return the property. Any unidentifiable or unclaimed property will be held for six months. Bicycles are held for nine months and then disposed of or sold at auction. Inquiries about Lost and Found property can be made by calling OSU Police Department Records at 405-744-2844.

## TRANSPORTATION

### SAFETY TIPS FOR VEHICLE OPERATORS:

- Always stop for pedestrians in crosswalks.
- Watch your “blind spot” for other traffic, such as bicycles and pedestrians, overtaking you when making right turns.
- Always behave in a predictable manner and use turn signals. Other traffic may not always see you or recognize your intentions.
- Oversized vehicles must watch for bicycles, pedestrians, and other traffic when turning.
- Always be mindful of the speed limit. The posted speed limits on campus are much slower than regular city streets due to the close quarters of campus and the high volume of pedestrians.
- The State of Oklahoma currently has a “Distracted Driving” law. This law prohibits a driver from using anything that would distract the driver from devoting their full time and attention to the operation of the automobile.

### PEDESTRIAN RIGHT OF WAY

Walking is a primary mode of transportation around Oklahoma State University, so it is important for pedestrians to remember that they are also subject to traffic control signals. While vehicles must yield to pedestrians in a clearly marked crosswalk or intersection, pedestrians must yield to vehicles when crossing anywhere else. Even though vehicles are required to yield, always remember to make eye contact with the driver before proceeding into the path of an oncoming vehicle. Pedestrians are also required by law to obey Pedestrian Control Signals (PCS) when crossing at an intersection where those are in use. Only cross at an intersection when the PCS signifies for them to cross. A green light for motor vehicles does not allow a pedestrian to cross if the PCS is present.

### SEATBELT SAFETY

The state law in Oklahoma requires both the driver and the front seat passenger to have a properly fastened safety belt when the vehicle is in motion. Since this is a State University owned by the State of Oklahoma, all traffic ways are considered public thus requiring seat belts at all times a vehicle is in motion. All passengers under the age of 13 are required to wear seatbelts or be placed in a child passenger restraint system and the safest place for them is the back seat.

### BIKES ON CAMPUS

In Oklahoma, a bicycle is considered a vehicle when operated on the roadway. As a result, bicycles are subject to the same responsibilities and regulations as motorists. The same fines apply to motorists and bicyclists for traffic violations, such as failing to yield to pedestrians, running a stop sign or red light, going the wrong way on a one way street, or riding

on the wrong side of the road. Additionally, there are laws specific to bicycle operators, such as a mandatory white front light and red rear light if the bicycle is being ridden between sunset and sunrise and an allowance for only one person per permanently affixed seat.

### ROLLER SKATES, ROLLER BLADES, AND SKATEBOARDS

With the increased recreational use of roller skates, roller blades, and skateboards, guidelines should be followed. Roller skates, roller blades and skateboards are permitted on campus except in the following locations:

- On or in any University building, structures, stairways, elevated sidewalks, access ramps, steps, retaining walls, handrails, or other architectural elements.
- On or in any planting area, grass area, or seeded area.
- On streets open for vehicular traffic.
- Where prohibited by sign or by police officer.

Roller skates, roller blades, and skateboards are to be used on campus as a mode of transportation only. No tricks or extracurricular activities are to be done while using these items.

## HOMELAND SECURITY

### NATIONAL TERRORISM ADVISORY SYSTEM

The National Terrorism Advisory System, or NTAS, replaced the color-coded Homeland Security Advisory System. This new system will more effectively communicate information about terrorist threats by providing timely,

## Prevention

detailed information to the public, government agencies, first responders, airports and other transportation hubs, and the private sector.

### NTAS Alerts

After reviewing the available information, the Secretary of Homeland Security will decide, in coordination with other federal entities, whether an NTAS Alert should be issued. NTAS Alerts will only be issued when credible information is available.

These alerts will include a clear statement that there is an **IMMINENT THREAT OR ELEVATED THREAT**. Using available information, the alerts will provide a concise summary of the potential threat, information about actions being taken to ensure public safety, and recommended steps that individuals, communities, businesses and governments can take to help prevent, mitigate or respond to the threat.

The NTAS Alerts will be based on the nature of the threat. In some cases, alerts will be sent directly to law enforcement or affected areas of the private sector, while in others, alerts will be issued more broadly to the American people through both official and media channels.

The NTAS Alerts recognize that Americans all share responsibility for the nation's security, and should always be aware of the heightened risk of terrorist attack in the United States and what they should do. Oklahoma State University will strive to maintain a regular class schedule; however, the campus may find itself under a state of high alert necessitating increased security to help ensure the safety of all campus residents and visitors.

When a state of high alert exists, OSU will strictly follow Homeland Security guidelines in implementing greater protective measures for all of those concerned. There will be an increased presence of police officers and security in and around all campus facilities, residence halls, and classrooms. As conditions warrant, OSU's Emergency Operations Center will be activated where key staff will assemble to make appropriate decisions for further increases in security measures.

It is a simple fact of life that people lose things. While frustrating at the best of times, the "loss" can be costly if the item lost was a set of keys or swipe card for a "secure" environment. This loss could be significant if the security breach leads to theft, vandalism, or sabotage; but, it can be dire if it leads to a terrorist obtaining access to a secure area of a water treatment plant, a power distribution center, or a biological or chemical laboratory. Any loss of keys or swipe cards should be reported to the OSU Police immediately.

Everyone is encouraged to be especially vigilant about unexplained or suspicious packages in their areas. At special events or large gatherings, purses, packages, and briefcases will be subject to search. Everyone should be prepared for emergencies and interruptions and review emergency and evacuation plans for their areas.

Please keep in mind that one of the objectives of terrorism is to frighten and disrupt activities of the University. To the extent possible, we want to continue normal activities of the University, but with a greater level of caution.

Additional information about homeland defense measures and homeland defense website links are located on the Campus Safety website located at <http://safety.okstate.edu>.

## ALCOHOL AND DRUG AWARENESS

Oklahoma State University seeks to encourage and sustain an academic environment that respects individual freedoms and promotes the health, safety, and welfare of its students, faculty, staff, and visitors. These participants are expected to know and follow the applicable laws and all University rules and regulations. Each person is responsible for his/her own behavior.

Oklahoma State University complies with the Drug-Free Schools and Communities Act Amendments of 1989. This act requires that Oklahoma State University certify it has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees in order to remain eligible for federal financial assistance. As set forth in local, state, and federal laws, and the rules and regulations of the University, Oklahoma State University prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees in buildings, facilities, grounds, or other property owned and/or controlled by the University or as part of University activities. With limited exceptions, beer and alcohol are not allowed on campus. Since July 1, 2000, students who are convicted of an offense involving the sale or possession of a controlled substance may become ineligible for federal student aid. For the University's complete drug and alcohol policy regarding the Drug-Free Schools and Communities Act, request the Oklahoma State University Student Code of Conduct, Oklahoma State University Drug and Alcohol Policy, or the OSU Dangers of Drugs and Alcohol Abuse pamphlets.

Any student or employee of the University who has violated this prohibition shall be subject to disciplinary action including, but not limited to, suspension, expulsion, termination of employment, referral for prosecution and/or completion, at the individual's expense, of an appropriate rehabilitation program. Any disciplinary action shall be taken in accordance with applicable policies of the University.

Drug and alcohol abuse programs are conducted each semester by OSU Alcohol and Substance Abuse Center, Housing and Residential Life, University Health Services, and the OSU Police Department.

## CRIME PREVENTION

Crime prevention is defined as the anticipation, recognition, and appraisal of a crime risk, and the initiation of some action to remove or reduce that risk. Many campuses around the country investigate and make public the nature and quantity of crimes, as well as how crimes are investigated. Oklahoma State University subscribes to that approach and further believes that the public should know how active the OSU Police are in crime prevention and detection. OSU has experienced success at reducing and preventing crime. Some of the notable efforts are:

- “Blue” Emergency telephone system throughout campus
- Emergency 911 dialing
- Orange Shield Phone App
- 24-hour preventive patrols

- Campus patrolled by uniformed officers on foot, bicycles, Segways, and vehicles
- Burglar alarms in key areas
- 24-hour staff in residence halls
- Custodial staff occupies academic buildings after hours and provides information to the OSU Police about suspicious activity or persons in or around the buildings
- Crime prevention seminars and presentations conducted each semester with staff and student groups
- Sexual assault presentations conducted upon request on a continual basis
- Rape Aggression Defense (RAD) presentations on at least a semi-annual basis
- Safe Walk escort service on campus and from campus to the Greek Neighborhood
- Crime prevention pamphlets provided to students and employees
- Crime Stopper telephone line — 405-744-TIPS (405-744-8477)
- Some parking lots and areas monitored by surveillance cameras
- Lighting surveys
- All new students required to complete online sexual violence prevention training. Faculty and staff are required to complete Title IX training in person or online.

## ORANGE SHIELD

Orange Shield is a mobile device application that is available in the Apple App Store and Google Play. Orange Shield features a way to immediately connect to the police no matter where you are, a format to make a report, a peer-to-peer text alert system, a way to request a Safe Walk escort on campus, a resource guide, and a profile that includes pertinent medical information in case of a medical emergency.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

In addition to seminars, information is disseminated to students and employees through crime prevention awareness packets, security alert posters, displays, videos, and articles and advertisements in University and student newspapers.

In addition to preventing crime, considerable effort is devoted to crime intervention. All reported crimes are investigated immediately. Follow-up investigations occur to identify the offenders. Where multiple incidents occur, surveillance techniques may be implemented to help apprehend violators. When caught, offenders are dealt with through the Payne County court system and OSU Student Conduct Education and Administration, when appropriate. The OSU Police Department encourages the accurate and prompt reporting of criminal incidents, no matter how insignificant or small. Victims are encouraged to assist in police investigation and subsequent filing of charges. Through these measures, OSU will become a safer community.

To schedule a crime prevention visit or presentation, please call 405-744-5191.

## SAFETY TIPS

### PROPERTY PROTECTION:

1. Lock your door whenever you leave your room for any length of time or when sleeping.
2. Secure your vehicle. Close all windows and lock all doors.
3. Never prop open any door.
4. Adequately protect all valuables in your room, such as wallets, jewelry, credit cards, cash, and computers. Do not leave valuables or cash in plain view.
5. Protect your books and put your name in them. Do not leave them in public places.
6. Do not loan your keys to anyone.
7. Never hide your keys outside your apartment or room. Do not put your name or address on your key rings.
8. Take all valuable items home with you during vacations.
9. When in a public place, keep valuable possessions out of sight. If you must leave an area for any length of time, take personal items with you.

### PERSONAL SAFETY:

#### *At home, in an apartment building, or in a residence hall:*

1. Keep your room door locked when you are napping or sleeping.
2. Never let unauthorized persons come into your room, enter residence halls, or enter apartment security doors. Always ask to see proper identification.

6. Limit distractions such as cell phones and avoid texting.

## Sexual Violence

Oklahoma State University takes acts of sexual harassment, which include sexual violence, extremely seriously and believes that 1 victim is 2 many. The following information, consistent with U.S. Department of Education Title IX guidance, provides details on the University response, resources, and remedies to sexual violence. The University hopes that you will help us in our efforts to maintain a safe and productive environment for all members of our community to live, learn and be successful by uniting as a community committed to ending sexual violence and sexual harassment.

Sexual harassment and sexual violence are forms of gender discrimination that are not tolerated at OSU. The University strongly encourages victims to report all acts of gender discrimination. Additionally, students have the option of filing a formal complaint with Student Conduct Education and Administration as well as with the police. Please be aware that even if an individual chooses not to file a formal complaint, the University may take interim measures, such as changing academic schedules and housing arrangements. These measures may be taken to provide safety for the victim in the educational setting.

Oklahoma State University does not discriminate on the basis of race, color, national origin, sex, qualified disability, religion, sexual orientation, gender identity, veterans' status, genetic information or age in its programs and activities. Therefore, the University will address all complaints of sexual harassment, including sexual violence, the same, regardless of whether the complainant (person filing the complaint) or respondent (person the complaint is filed against) is of a protected class or sex.

Where it is determined that sexual misconduct is more likely than not to have occurred, University conduct sanctions can include suspension or expulsion. Even if law enforcement and

criminal justice authorities choose not to prosecute a particular incident, the University may still pursue the incident through the student conduct process. All student conduct processes are separate from law enforcement investigations. In instances where gender discrimination is not addressed through the student conduct system, the University still has the obligation under Title IX to take immediate action to eliminate the harassment, prevent its recurrence and address its effects, irrespective of formal legal processes.

More information and resources can be found at <http://1is2many.okstate.edu>.

## DEFINITIONS

The following are definitions used by Oklahoma State University and include examples to assist in explaining the behavior.

### SEXUAL HARASSMENT

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other verbal or physical contact or communication of a sexual nature when:

- A. Submission to such conduct or communication is made either explicitly or implicitly as a term or condition of educational benefits, employment, academic evaluations or other academic opportunities,
- B. Submission to or rejection of such conduct or communication by an individual is used as the basis for an employment decision or academic decision affecting such individual, or
- C. Such conduct is sufficiently severe, pervasive or persistent and objectively offensive that it has the effect of creating

an intimidating, hostile or offensive environment that negatively affects an individual's academic or employment environment.

Sexual harassment does not include verbal expressions or written materials that are relevant and appropriately related to course subject matter or curriculum, and this policy shall not abridge academic freedom or the University's educational mission.

Sexual harassment can create a hostile environment. Sexual harassment should be reported even if it doesn't reach the point of creating a hostile environment. A hostile environment is defined as subjectively and objectively offensive and sufficiently severe or pervasive to alter the conditions of the victim's educational, employment or University environment.

Sexual harassment could occur off-campus and still have an effect on an individual's educational, employment or University environment as well as create a hostile environment. A one-time non-consensual contact could also create a hostile environment.

Examples of behavior that could be sexual harassment:

- Unwelcomed sexual flirtation, advances or propositions of sexual activities.
- Asking about someone else's personal, social or sexual life or about their sexual fantasies, preferences or history.
- Discussing your own personal sexual fantasies, preferences or history.
- Repeatedly asking for a date from a person who is not interested.
- Whistles, cat calls or insulting sounds.

- Sexually suggestive jokes, innuendoes or turning discussions into sexual topics.
- Sexually offensive or degrading language used to describe an individual or remarks of a sexual nature to describe a person's body or clothing.
- Calling a person a "hunk," "doll," "babe," "sugar," "honey," or similar descriptive terms.
- Displaying sexually demeaning or offensive objects and pictures.
- Making sexual gestures with hands or body movements.
- Rating a person's sexuality.
- Unwelcomed touching of a person's body including massaging a person.

## SEXUAL VIOLENCE

Sexual violence is physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. A number of different acts fall into the category of sexual violence, including sexual misconduct, stalking, dating violence, and domestic violence.

## SEXUAL MISCONDUCT

Sexual misconduct is a broad term encompassing any non-consensual contact of a sexual nature. Sexual misconduct may vary in severity and consists of a range of behavior or attempted behavior including, but not limited to, the following examples of prohibited conduct:

### A. Unwelcome sexual touching

The touching of an unwilling or non-consensual person's intimate parts (such as genitalia, groin, breast, buttocks, mouth or clothing covering same); touching an unwilling

person with one's own intimate parts; or forcing an unwilling person to touch another's intimate parts.

### B. Exposure

Engaging in indecent exposure, sexual acts in a public place, voyeurism, or non-consensual sharing of sexually explicit images.

### C. Non-consensual sexual assault

Penetrating any bodily opening of an unwilling or non-consensual person with any object or body part.

### D. Forced sexual assault

Penetrating any bodily opening of an unwilling or non-consensual person with any object or body part that is committed either by force, threat, intimidation, or through exploitation of another's mental or physical condition (such as lack of consciousness, incapacitation due to ingestion of drugs or alcohol, age, or mental

disability) of which the respondent was aware or should have been aware.

**EFFECTIVE CONSENT** is informed, freely and actively given, using mutually understandable words or actions that indicate a willingness to participate in mutually agreed upon sexual activity. Initiators of sexual activity are responsible for obtaining effective consent. Silence or passivity is not effective consent. The use of intimidation, coercion, threats, force or violence negates any consent obtained. Consent is not effective if obtained from an individual who is incapable of giving consent due to lack of consciousness, age, mental disability or incapacitation due to ingestion of drugs or alcohol.

This definition of consent is the exclusive definition used in the Student Code of Conduct. It is also used for Title IX purposes throughout the University.

Individuals who commit acts of sexual misconduct assume responsibility for their behavior and must understand that the use of alcohol or other drugs does not reduce accountability for their actions.

Examples of sexual misconduct violations include, but are not limited to:

- Ignoring an individual's protest and engaging in sexual activity.
- Convincing somebody to have sex likely constitutes intimidation or coercion. If someone is coerced, the consent is not effective consent.
- Drinking and/or drug use may render an individual incapable of giving consent for sexual activity. For example, someone who is incapacitated may agree to have sex at the time, but have no memory of the consent. This person may have been functioning in a "blackout" and could not give effective consent.
- Holding a person down or preventing a person from leaving the room and forcing him or her to engage in sexual activity against the person's will.

## STALKING

Stalking refers to one who engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; or suffer substantial emotional distress.

- A. Stalking is defined to mean two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils,

threatens, or communicates to or about a person, or interferes with a person's property.

- B. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- C. Substantial emotional distress would include significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Actions that a stalker takes to contact, harass, track or frighten another could include repeatedly:

- following
- unsolicited visits or communication
- using online social media inappropriately
- damaging property
- showing up at places an intended victim frequents
- sending unsolicited mail, e-mail, texts and pictures
- creating a website about a target of stalking
- sending unsolicited gifts
- stealing things that belong to intended victim
- calling repeatedly.

Stalking can occur by someone that is known casually, a current boyfriend or girlfriend, someone dated in the past or a stranger.

## DATING VIOLENCE

Dating violence is committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on a consideration of the following factors:

- Length of the relationship
- Type of relationship
- Frequency of interaction between the persons involved in the relationship.

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts that meet the definition of domestic violence.

## DOMESTIC VIOLENCE

Domestic violence is a crime of violence committed by a:

- current or former spouse or intimate partner of the victim,
- person with whom the victim shares a child in common,
- person who is cohabitating with or has cohabitated with the victim as a spouse or person similarly situated to a spouse of the victim.

Domestic violence is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic or psychological actions or threat of actions that influence another person.

Definition consistent with Violence Against Women Act.

## RETALIATION

The University will not tolerate retaliation against a person who, in good faith, brings a complaint forward. Retaliation against an individual who has brought a complaint forward or against an individual who has participated in an investigation or conduct process is prohibited. See Board of Regents for the Oklahoma Agricultural and Mechanical Colleges Policy Manual, 3.11 Non-Retaliation, for more information.

## WHAT TO DO IF YOU ARE A VICTIM OF SEXUAL VIOLENCE

- A. If you are not safe and need immediate help, call the police. If the incident happened on campus, call the OSU Police Department at 405-744-6523. If the incident occurred elsewhere in Stillwater, call the Stillwater Police Department at 405-372-4171. If the incident happened anywhere else, call the law enforcement agency that has jurisdiction in the location where it occurred.
- B. Do what you need to do to feel safe. Go to a safe place or contact someone with whom you are comfortable. You can call the **STILLWATER 24-HOUR RAPE CRISIS LINE (405-624-3020)** to get advice and discuss options for how to proceed.
- C. OSU students can also call an **OSU SEXUAL ASSAULT VICTIM ADVOCATE AT 405-564-2129**.
- D. Do not shower, bathe, douche, change or destroy clothes, eat, drink, smoke, chew gum, take any medications or straighten the room or place of the incident. Preserving evidence is critical for criminal prosecution. Although you may not want to prosecute immediately after the incident, that choice will not be available without credible evidence. The evidence collected can also be useful in the campus conduct process.
- E. Go to the Stillwater Medical Center to receive care for any physical injuries that may have occurred. While in the emergency room, treatment will be provided for sexually transmitted diseases and to prevent pregnancy. These services are free of charge. If you choose not to obtain a Sexual Assault Nurse Examination but want testing or treatment for potential sexually transmitted infections, you can visit Payne County Health Department free of charge or University Health Services or Stillwater Life Services for low cost options.
- F. Upon arrival at Stillwater Medical Center, you will be taken to a private exam area. A Sexual Assault Nurse Examiner (SANE), as well as a Sexual Assault Response Advocate (SARA) and police officer will be available for support. You will be examined by the nurse in order to treat any injuries and to gather evidence. Note: a sexual assault exam can be performed up to 120 hours (5 days) after the assault.
- G. With your permission, the Sexual Assault Response Advocate will support you throughout the entire exam, which will be performed by the nurse. The Advocate will provide a packet of written materials that contains information about common reactions to sexual assault, follow-up medical needs and support services.

## SUPPORT SERVICES

### OSU SEXUAL ASSAULT VICTIM ADVOCATES

### STUDENT CONDUCT EDUCATION AND ADMINISTRATION

Cases involving students who are accused of non-academic misconduct might be assigned to Student Conduct Education and Administration. Persons found responsible for sexual misconduct could be suspended or expelled from OSU. You may obtain further information by contacting Student Conduct Education and Administration at 405-744-5470. A copy of the Student Code of Conduct can also be obtained at various locations on campus and at <https://studentconduct.okstate.edu/code>.

## ACCOMMODATIONS:

- A. **ASSISTANCE IN REPORTING:** Student Conduct can assist in filing a complaint with the University conduct process and the appropriate law enforcement agencies against the student(s) who caused harm.
- **UNIVERSITY COMPLAINT PROCESS:** A complaint is an official report to the University alleging that an OSU student has violated the Student Code of Conduct. You can go online to <https://studentconduct.okstate.edu/report> to submit a complaint online or to complete a paper complaint form.
  - **POLICE REPORT PROCESS:** A police report begins the moment you contact the authorities about a given situation, whether it be a crime that was committed earlier, or a crime currently in progress. The OSU Police Communications Officer will obtain basic information from you about the incident and relay the information to patrol officers working in your area. You can have the officers meet you on scene or you can request they meet you at the police department in an effort to resolve the issue, document the facts of the incident, and begin investigating the case if follow-up is required. By simply calling the OSU Police at 405-744-6523, the reporting process begins. The OSU Police Department operates 24 hour a day, 7 days a week, including all holidays and University breaks.
- B. **NO CONTACT ORDER:** Student Conduct can put in place a No Contact Order between the complainant and the respondent, which would prohibit contact between both parties through any means of communication, as well as prohibit others from making contact on their behalf. Students

will need to visit Student Conduct in 328 Student Union for this order to be put in place. If a No Contact Order is believed to be violated, the complainant should contact Student Conduct immediately at 405-744-5470. The University and not the police enforce No Contact Orders. Violations of a No Contact Order will result in disciplinary action where suspension from the university will be considered as a possible sanction.

- C. **EMERGENCY PROTECTIVE ORDER:** Student Conduct, along with Wings of Hope, can assist victims in filing for an Emergency Protective Order. This is a court-ordered petition that prohibits contact between the complainant and respondent. Wings of Hope is located at 3800 N. Washington Street in Stillwater, Oklahoma. Wings of Hope is the designated location in Payne County to assist in completing the petition and filing the petition with the county court clerk. Granted protective orders should be provided to the OSU Police Department who will honor the order and assist in any intervention needed. If a granted protective order is believed to be violated by the respondent, the complainant should contact the local police. If the incident happened on campus, call the OSU Police Department at 405-744-6523. If the incident occurred elsewhere in Stillwater, call the Stillwater Police Department at 405-372-4171. If the incident happened anywhere else, call the law enforcement agency that has jurisdiction in the location where it occurred.
- D. **SAFETY MEASURES:** Student Conduct can coordinate any reasonable arrangements that are necessary for ongoing safety. This includes transportation arrangements or providing an escort.
- E. **LIVING ARRANGEMENTS:** Student Conduct can assist in changing on-campus living arrangements or that of the

respondent to ensure safety and a comfortable living situation.

- F. **ACADEMIC ARRANGEMENTS:** Student Conduct can assist in adjusting academic schedules as well as assist in providing access to academic support services.
- G. **OTHER INTERIM MEASURES:** Student Conduct can coordinate reasonable arrangements to address the effects of sexual violence, including connecting victims with counseling, health care or academic support resources.

The University will provide written notification to victims about options for available accommodations. Additionally, the University will maintain as confidential any protective measures or accommodations that are put in place, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures. Any necessary disclosure of information will be communicated to the complainant in compliance with the Family Educational Rights and Privacy Act (FERPA).

## STUDENT CONDUCT PROCESS FOR ALLEGATIONS OF SEXUAL VIOLENCE

We want you to be knowledgeable about the process that occurs once a complaint with Student Conduct is filed. The following describes the investigation process, the hearing and the outcome of the hearing. Student Conduct will be available to explain the process as requested. The Student Conduct process will be prompt, fair, and impartial. This means the process will be completed within a reasonable timeframe as designated below and without undue delay. The

process will be conducted in a manner that is consistent with the University's policies and will be transparent to all parties. Lastly, the Student Conduct process will be conducted by officials who do not have conflict of interest or bias for or against the complainant or respondent.

### INVESTIGATION:

- A. You will be notified of receipt of your complaint and the actions the University official will take.
  - B. A University official will meet with you to discuss the complaint submitted, review the investigation and hearing process, and determine the outcome you desire from your complaint.
  - C. An investigation will be conducted by a non-biased Title IX Investigator. This investigation will include:
    - meeting personally with the complainant,
    - meeting personally with the student(s) accused,
    - meeting personally with any witnesses, and
    - reviewing any documentary evidence.
  - D. The investigation of complaints will be adequate, reliable and impartial. The Title IX Investigator will compile an investigation report.
  - E. The investigation process can take up to 60 days. If at any point either party would like an update of the investigation process all they need to do is ask and an update will be provided.
  - F. The University official will determine if a conduct hearing is possible based on the available information.
- G. If it is determined that the University will proceed with a formal conduct hearing, the complainant and the responding student(s) will be notified of the hearing date.

### HEARING:

- A. Hearing notification will occur at least five days in advance and include the hearing date, time and location. Hearings will be scheduled around academic schedules.
  - B. Allegations of sexual misconduct, sexual harassment, dating violence, domestic violence, and stalking will be heard by the Conduct Committee Hearing Panel which is comprised of a faculty member, a staff member and a student who receive annual training. Training includes, but is not limited to, the following topics:
    - definitions and issues related to dating violence, domestic violence, sexual assault, retaliation, and stalking;
    - hearing process, due process, the process that protects the safety of survivors and promotes accountability;
    - relevant evidence, how it should be used during a hearing, and how to weigh evidence;
    - proper techniques for asking questions;
    - preponderance of the evidence standard;
    - avoiding actual and perceived conflicts of interest;
    - trauma-informed investigations and hearing procedures;
    - impact of alcohol use in sexual assault; and
    - writing facts and rationales.
  - C. The hearing includes opening statements, presentation of the investigation report, information about the incident, presentation of information by witnesses, and closing statements.
- D. Each party is permitted to have a person of their choosing to accompany them throughout the hearing as an advisor.
  - E. All parties are permitted to be present during the hearing (except during deliberations of the panel). All parties can be in the same room in a pre-arranged, non-threatening set-up or in separate rooms with a video conference set up.
  - F. All parties are permitted to make statements and present witnesses and information during the hearing. Witnesses and information need to be directly related to the incident.
  - G. The standard of proof used in all University conduct hearings is preponderance of the evidence, which means the determination to be made is whether it is more likely than not a violation occurred. This is significantly different than proof beyond a reasonable doubt, which is required for a criminal prosecution.

### OUTCOME:

- A. Possible outcomes include Conduct Expulsion, Conduct Suspension, Conduct Probation, Residence Hall Status Change, No Contact Order, Class Removal, Educational and Behavioral Change Requirement, and Restrictions. Detailed definitions of these sanctions are listed in the *Student Code of Conduct*. When it is determined that sexual misconduct is more likely than not to have occurred, the outcome can include separation from the University.
- B. Parties have the right to be informed of the outcome. Both parties will be notified within two business days after the hearing at the same time. Upon written request from the victim to Student Conduct Education and Administration,

the report on the results of any disciplinary proceeding against the respondent will be provided to the victim. If the victim is deceased as a result of such a crime or offense, the next of kin of the victim shall be treated as the victim for purposes of disclosure.

- c. Both parties have the right to appeal the decision reached through the hearing proceedings within seven business days after the hearing.

## ON AND OFF CAMPUS RESOURCES

Sexual harassment and sexual violence can be emotionally disruptive, and it takes time to come to terms with such major stress. In addition to support that may be found in family and friends, the following agencies and departments can serve as resources.

Upon notification or request, the University will provide to students and employees information about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available for victims both within the University and in the community.

It is important to be aware that different individuals who one may contact for assistance following an incident may have different responsibilities regarding confidentiality, depending on their position. Under state law, some individuals can assure the victim of confidentiality, including counselors and certified victims' advocates. In general, however, any other University employee cannot guarantee complete confidentiality, unless specifically provided by law. Universities must balance the needs of the individual victim with an obligation

to protect the safety and well-being of the community at large. See Reporting for more information.

OSU will protect the identity of victims and other necessary parties. The University is required to complete publicly available record keeping data on crimes that occur on campus. In these reports, personally identifying information about the victim is excluded.

## PREVENTIVE MEASURES

The University encourages students to help in preventing harmful and negative incidents by being responsible for their own personal safety, intervening if they are a bystander of such incidents, and educating themselves through University sponsored trainings.

### AWARENESS EDUCATION

Oklahoma State University takes acts of sexual violence and sexual harassment seriously. In an effort to educate students and comply with the Violence Against Women Act and the Office for Civil Rights federal guidelines, **ALL NEW STUDENTS ARE REQUIRED TO COMPLETE ONLINE TRAINING ON SEXUAL VIOLENCE PREVENTION**. A hold will be placed on your account, which will affect enrollment for the subsequent semester, until the training has been completed. Training should take around 40 minutes.

To complete the training follow these steps:

1. Go to <https://1is2many.okstate.edu>
2. Log-in with your Okey account information.

Additionally, Student Conduct Education and Administration provides education on sexual violence to any group of students, faculty or staff upon request. Topics include, but are not limited to, sexual assault, sexual harassment, the conduct process for sexual misconduct, how to support a victim, bystander intervention, prevention strategies and resources available for victims.

## Statistics

### BYSTANDER INTERVENTION

To prevent sexual violence, it is important that people are approached as potential witnesses or bystanders to behaviors related to sexual violence. As a witness to these behaviors, there are certain ways to step up to prevent a risky situation from escalating.

In order to intervene, someone has to:

#### 1. NOTICE THE INCIDENT

Bystanders first must notice the incident taking place. It is important to become attuned to what situations may be risky (e.g. if you're at a party, and you see someone stumbling as they're being led into a different room, this is a risky situation).

#### 2. INTERPRET THE INCIDENT AS EMERGENCY

By "emergency," we mean a situation wherein there is risk of sexual or physical violence occurring in the near future.

#### 3. ASSUME RESPONSIBILITY FOR INTERVENING

It has been found that often, people believe that someone else will help in a situation where there are many people around. However, it is important to realize that others may also be thinking the same thing. If you're unsure if you should do something, ask a friend what they think — it might be the case that they've been thinking the same thing.

#### 4. HAVE THE BYSTANDER INTERVENTION SKILLS TO HELP

There are a number of different techniques that someone can use to intervene in a risky situation.

- **DISTRACT** — Find way to distract the participants from what is happening. This could look like changing the subject, mentioning another activity like getting food.

- **DELEGATE** — If you are not comfortable intervening, find someone who is. You might call law enforcement or other friends, talk to the bartender, or talk to others around.
- **DELAY** — If you are not sure you should intervene, try to delay the situation until you can get more information. This might look like going to the bathroom with a potential victim.
- **DIRECT** — If you feel comfortable, the best way might be to directly intervene and ask those involved what is going on.

### SEX OFFENDER REGISTRATION

In accordance with applicable state and federal laws, information about registered sex offenders who may be attending or working at OSU is available to the campus community at <http://police.okstate.edu>. An additional link is provided to the Stillwater Police Department's list of registered sex offenders residing in the Stillwater area. The Stillwater Police Department's website is <http://stillwaterpolicedept.org>.

### REPORT OF STATISTICS

Oklahoma State University has been reporting its crime statistics to the Federal Bureau of Investigation (FBI) according to their Uniform Crime Reporting guidelines since 1971. The statistics are published annually in the publication, "Crime in the United States," from the U.S. Department of Justice. The tables located on page 30 and 31, (Campus Crime Report) comply with Title II of the Federal Campus Crime Awareness and Campus Security Act of 1990 and 1998, and subsequent revisions effective July 1, 2000.

Campus crime, arrest, and referral statistics include those reported to the OSU Police, designated campus security authorities, and local law enforcement agencies. When a campus security authority becomes aware of a crime, they are required to complete a report which does not contain any personally identifying information about the students or persons involved. The report is then submitted to OSU Police who are responsible for compiling and preparing the statistics.

### CAMPUS CRIME STATISTICS

When comparing crime at OSU to other institutions of similar size, you will find OSU's crime rate to be one of the lowest of the Big 12 Universities.

The crime and arrest statistics reported are those which occurred within the jurisdictional boundaries of campus. They do not include off campus private housing, which are within the Stillwater Police Department jurisdiction. OSU, however, reports crime and arrest statistics for fraternities and sororities, although they are within the jurisdictional boundaries of the City of Stillwater. Crimes occurring on

public property immediately adjacent to the campus are also reported when available. Crime statistics concerning other locations are available at the Stillwater Police Department.

### CRIMES DISCLOSED TO PASTORAL OR MENTAL HEALTH COUNSELOR

To be exempt from disclosing reported offenses, pastoral or professional counselors must be acting in their roles of pastoral or professional counselors. This exemption does not relieve counselors of the duty to exercise reasonable care to protect a foreseeable victim from danger posed by the person being counseled or to make reports mandated by law. When speaking to a victim or witness to a crime, counselors are encouraged to inform the individual of options to report the crime to the police.

A pastoral counselor is a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

A mental health counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

# Fire

## ANNUAL FIRE SAFETY REPORT

Institutions are required to keep a fire log that states the nature of the fire, date, time, and general location of each fire in on-campus student housing facilities. Oklahoma State University complies with this rule by including all fire-related incidents in the Annual Fire Safety Report and Fire Log maintained by Environmental Health and Safety. To view the information please visit the Environmental Health and Safety website for the Fire Log and related incidents at: <http://ehs.okstate.edu>.

The Annual Housing Fire Safety Report is required by the Higher Education Opportunity Act (HEOA) for any Title IV institution that maintains an on-campus student housing facility. Per HEOA, an institution that maintains an on-campus student housing facility must collect fire statistics, publish an Annual Fire Safety Report, and keep a fire log.

The Clery Act was amended by HEOA in 2008, requiring future reports to begin including campus housing fire safety statistics as well.

### STEPS TO FOLLOW IF YOU SEE A FIRE:

1. Activate the nearest fire alarm.
2. Call 911 or use the Orange Shield app and use the 911 feature. Give your name, address, location, and the extent of the fire.
3. Calmly alert people in the building, and evacuate the building by following EXIT signs.

### STEPS TO FOLLOW IF YOU ARE CAUGHT IN A FIRE:

1. Remain calm.
2. Before opening a door, feel it with the back of your hand. If it is **HOT**:
  - a. Do not open the door.
  - b. Open the windows. If possible, lower the top half of the window to let out heat and smoke and raise the lower half to let in fresh air.
  - c. Seal crack around door with towels, linens or clothes. Soak these items in water if possible.
  - d. To attract attention, hang objects out the window. Shout for help.
  - e. Keep low to the floor. Take short breaths to avoid inhaling smoke. Place a wet towel over your nose and mouth. Keep your head six to eight inches off the floor.
3. If the door is **NOT HOT**, brace yourself against the door and open it slowly. If hot air or fire rushes in, close the door and do not open again.
4. If you can leave, close all doors behind you and proceed to the nearest safe exit. Leave the building and stand clear of the fire. Provide directions to police and fire personnel when they arrive.

### STEPS TO FOLLOW FOR FIRE PREVENTION:

1. Know every regular and emergency exit. Know how to activate the alarm system and what it sounds like. Know the location of fire extinguishers and how to operate them.

2. Arrange the contents of your room with fire safety in mind. Maintain clear and unobstructed access to your room door, from both inside and outside.
3. Do not overload electrical outlets. Do not use broken, frayed, or cracked electrical cords. Do not suspend lamps or lights by their own cords.
4. If you smoke, exercise care when smoking and do not smoke in bed. OSU is a tobacco free campus.
5. Do not allow excess clutter of flammable materials.

For further information, contact Environmental Health Services at 405-744-7241.

### FIRE REPORTING

Per federal law, Oklahoma State University is required to annually disclose statistical data on all fires that occur in on-campus housing facilities. Listed below are the **NON-EMERGENCY** phone numbers to call to report fires that have **ALREADY** been extinguished in on-campus student housing. These phone numbers are fires for which you are unsure whether the OSU Police may already be aware. If you find evidence of such a fire or if you hear about such a fire, please contact one of the following:

**OSU POLICE** — 405-744-6523 or Orange Shield app

**OSU ENVIRONMENTAL HEALTH AND SAFETY** — 405-744-7241

**OSU HOUSING AND RESIDENTIAL LIFE** — 405-744-5592

When calling, please provide as much information as possible about the location, date, time, and cause of the fire. It is critical to document all reports of residential fires in the annual report.

## FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

Oklahoma State University strives to provide a safe and friendly environment for all of our campus community. To assist in this manner, several measures are taken. These include regular fire and life safety inspections in all campus facilities, various education programs targeted at specific groups (Residential Community Educators, Community Mentors, etc.) ongoing education and safety awareness, and the development of University rules and standard administrative procedures regarding fire safety.

The OSU Environmental Health and Safety website provides safety information regarding fire safety and other life safety topics and is accessible to students, faculty, and staff at their website — <http://ehs.okstate.edu/content/fire-and-life-safety>.

Environmental Health and Safety conducts annual laboratory, fume hood, safety shower, and eyewash station inspections to ensure the safety of OSU laboratory employees. OSU has a large laboratory footprint with over 750 laboratories that study topics ranging from food processing to nanomaterials. However, all laboratories have similar requirements to ensure safety. These laboratory and life-safety requirements include:

1. Appropriate laboratory signage that provides employees, first responders, and visitors information concerning the potential hazards within a laboratory. In addition, the locations of laboratory safety equipment must be well marked and easily found.
2. Employee access to personal protective equipment that includes safety glasses/goggles, gloves, laboratory coat, and any other appropriate protection.
3. The availability of easy to locate and functional laboratory safety equipment. Laboratory safety equipment includes fume hoods, fire extinguishers, eyewash stations, and safety showers.
4. The proper use of compressed gases.
5. Proper labeling and storage of hazardous chemicals and waste. Proper labeling reduces the risk of unexpected employee exposure, and proper storage reduces the likelihood of dangerous chemical reaction due to mixing incompatible chemicals.
6. Elimination of potential electric shock and fire by identifying and repairing exposed wires, exposed outlets, improper outlets near water sources, non-compliant circuit breakers, and overloaded circuits.
7. Appropriate training in laboratory specific hazards for affected employees.
8. Clean laboratories with unobstructed access to emergency exits and laboratory safety equipment.
9. Pressure and vacuum systems that are properly equipped to avoid explosions or implosions.

## HOUSING AND RESIDENTIAL LIFE FIRE SAFETY POLICIES

To provide for the safety of all residents, Housing and Residential Life has developed an extensive set of guidelines and policies for all student housing. These documents are available electronically on the Housing and Residential Life web page at: <http://reslife.okstate.edu/policies>. This publication

covers all policies for Residential Life facilities and includes information pertinent to fire safety.

Each residence hall has a designated Point of Assembly for residents to gather in the event of an emergency resulting in fire alarm activation. Residents are to evacuate the residence hall in the event of fire alarm activation. Information regarding Points of Assembly are outlined for staff in their training manual and located in their on-call bag. Residents are informed that fire drills are conducted each semester to prepare them for an actual emergency. The Residence Life Handbook available online at <http://www.reslife.okstate.edu/policies/> includes a section on Fire Safety and evacuation procedures, which each resident is to follow in the event of an emergency.

## ON-CAMPUS HOUSING

Oklahoma State University provides a wealth of choices to choose from when it comes to on-campus housing.

There are four types of housing available: community style, suites, deluxe suites and apartments.

Housing and Residential Life staff is on-site 24 hours a day, including weekends and holidays. Housing and Residential Life personnel may include Community Mentors, Residential Community Educators, Assistant Residential Community Educators, Desk Clerks, and Assistant Directors for Housing and Residential Life.

Housing and Residential Life is responsible for all on-campus housing facilities at OSU.

## HOUSING AND RESIDENTIAL LIFE PROHIBITED ITEMS AND EQUIPMENT

Any prohibited or misused appliances or equipment will be confiscated by the hall staff, and individuals responsible will be subject to disciplinary action.

### *Appliances*

Prohibited appliances are: open coil cooking appliances, electric griddles, and George Foreman Grills (except in Bost, Davis, Kamm, Peterson-Friend, Morsani-Smith, Sitlington, and Young Halls). Also prohibited are portable heaters, air conditioners, large amplifiers (public address system, oversize stereo, and musical instrument), wireless routers, and halogen lamps. Students may have one microwave oven in any residence hall room. Microwaves must be rated 900 watts or less at the highest setting. Cooking appliances may only be operated in kitchen areas.

Any electrical extension cord that is used must be 14 gauge or heavier. Do not nail extension cords to walls, place them under rugs or beds, string them on pipes, etc. Periodically inspect all cords and appliances for cracks or other defects. Please be aware that overloading an electric circuit with too many appliances can cause problems. Some appliances or furnishings have a higher likelihood of contributing to unsafe environments for community living. Housing and Residential Life regulates the use of these appliances to ensure the safety and security of the community.

### *Open Flames/Candles/Incense*

Burning candles and incense, as well as kerosene lamps and other flammable liquid fueled devices, are prohibited in all University owned housing. Decorative candles must have

non-burned, clipped wicks, or be wickless. The number one cause of residence hall and apartment fires is open flames.

### *Fireworks and Explosives*

Under state and federal law, fireworks and explosives are prohibited in Housing and Residential Life buildings and on University grounds.

### *Refrigerators*

Refrigerators are permitted with a limit of 3 amps and 5 cubic feet per room. The University is not responsible for loss of items due to power outages.

### *Decorations*

For the safety of the community, no live cut Christmas trees or greenery are permitted, lighting/wiring may not stretch across doorways or across common areas, and decorative lighting must be turned off when unattended. Decorations may not cover more than 1/3 (33%) of door and surface area, be three dimensional, nor obstruct the peep hole or the room number. Decorations deemed unsafe by Housing and Residential Life may be removed.

### *Windows/Air Vent Blockage*

In Drummond, Iba, Parker, Wentz, and University Commons Halls the windows need to remain closed and air vents unobstructed. No items should be hung outside the windows, placed on the ledges, or on balcony or patio railings in any Housing and Residential Life facilities.

### *Emergency/Safety Equipment*

Tampering, damaging, or inhibiting the use of emergency/safety equipment, including exterior residence hall doors, in any residence hall is prohibited. Residents may not use

emergency equipment for any purpose other than emergency use. Residents involved in such activities will be subject to disciplinary action and may be removed from University housing. This regulation includes, but is not limited to, fire extinguishers, heat and smoke detectors, exit signs, fire alarm pull stations, or locked exterior doors.

### *Smoking/Tobacco Use*

Oklahoma State University is a tobacco free environment; therefore, all residence halls and apartments are smoke-free. No smoking or tobacco use is permitted on University property.

### *Motor Vehicles*

Motor vehicles, including recreational vehicles, are prohibited in Housing and Residential Life buildings and on University grounds. These items must be kept in the parking lots.

### *Hoverboards and Drones*

Hoverboards (also known as self-balancing scooters) and drones, including possession and use, are prohibited in all campus housing. This applies to all residence halls and campus apartments, including Family and Graduate Student Housing.

## HEALTH & SAFETY INSPECTIONS

Each semester Housing and Residential Life staff will inspect rooms for safety concerns. When performing Health and Safety checks, staff will:

- Post notification for the community at least twenty-four (24) hours prior to the inspection, when possible.
- Knock and announce themselves before entering.

- Enter rooms in pairs and wear nametags.
- Inspect only items that are in plain view (no closets, drawers, or refrigerators will be opened).
- Look for — Unsafe cord placement (over doors, across door jams), unclean environment (rotting food, mold, offensive odor), doorway obstruction, electrical outlet overloading, maintenance concerns, pests, and paper covering more than 1/3 of door/walls.
- Document any policy violations.

## FIRE SAFETY

### FIRE DRILLS

For the protection and safety of our community, announced and unannounced fire drills will be held at the direction of the OSU Fire Marshal during the academic year. To become familiar with evacuation routes, cooperation is mandatory. Anytime the alarm sounds residents are to leave the building. Participation in fire evacuations is required by state law.

### FIRE ALARM INSTRUCTIONS

To ensure the safety of all persons within the residence hall or apartment, occupants should be familiar with proper procedures in responding to fire alarms. These procedures include:

- In inclement weather, wear a coat and shoes and carry a towel.
  - Close windows and leave lights on in room. Take room key.
  - Leave door closed and walk to exit. If smoke is encountered, stay low for air.
  - Do not use an elevator.
- PHYSICAL ASSISTANCE FOR EVACUATION:** — Call the OSU Police at 405-744-6523 or 911.
- If unable to leave room, place a towel under the door if smoke is either seen or smelled.
  - Hang a towel out of the window, indicating to a person below that a person is in that room.
  - Await assistance in the room or area of refuge.

### SMOKE DETECTOR & SPRINKLER SYSTEM

Each residence hall room is equipped with a smoke detector. Smoke detectors in rooms are inspected regularly by Facilities Management.

Sprinkler systems have been installed for added safety in all residence facilities. To make the sprinkler system as effective as possible:

- Sprinklers must never be painted;
- Nothing may be hung from the sprinkler piping or sprinkler heads;
- Sprinkler heads may never be obstructed or altered;
- Nothing may be stored within 18 inches from the sprinkler head;
- Frisbees, footballs, baseballs, etc., are not to be thrown in rooms, hallways, or other public areas;
- Report any damages to the sprinkler system to the front desk immediately.

By a mandate of the State Fire Marshal, an action plan has been adopted by OSU and Housing and Residential Life. Regulations are in effect regarding tampering with any fire safety equipment. This includes, but is not limited to, smoke detectors, sprinkler heads, fire alarms, and fire extinguishers. The first offense of tampering will result in the student(s) being assessed a fine of \$500 (if the room is double occupancy, then each student will be assessed \$250). The student(s) will also be placed on Housing and Residential Life Probation, and receive an educational sanction. On the second offense, a \$500 fine will be assessed (\$500 to each resident if double occupancy); the student(s) will be removed from University housing, and the contract(s) must be paid in full; an incident report will be forwarded to OSU Police Department and Environmental Health and Safety for a code violation citation with a potential fine of \$5,000 and one year imprisonment; and student(s) will be referred to Student Conduct Education and Administration.

If at any time the smoke detector starts beeping periodically, it may mean that the battery is low. If this happens, please call the Residential Life Facilities Management Office at 405-744-8510, and they will send someone to replace the battery. Please do not replace the battery yourself.

The following chart lists the on-campus residential facilities and shows Fire Safety Systems within each of those facilities. The additional charts provide information about fires that have occurred in a residential facility and whether there were any injuries, deaths, or damage attributed to the fire.
