

CLERY INCIDENT REPORT

CAMPUS SECURITY AUTHORITY

OKLAHOMA STATE UNIVERSITY

One purpose of Clery is to encourage reporting and the accurate collection of campus crime statistics to promote crime awareness and to enhance campus safety through reliable statistical records. The purpose of this report form is to provide a uniform procedure for documenting the (What, When, Where) of certain reportable crimes and/or non-criminal hate motivated incidents that have occurred within one of the four reporting locations and which have been reported to a Campus Security Authorities (CSA) other than the OSU Police Department. **Data collected on this form is to be used to increase public safety, not to identify the victim, therefore, no victim personal identifying information shall be included on this form.**

It is the policy of the Oklahoma State University to encourage victims and/or witnesses to crime(s) to report such crime(s) to the police and/or to a designated Campus Security Authority. (A complete list of Campus Security Authorities can be found in the **Annual Safety Report** which is available at <http://police.okstate.edu>. For the purpose of Clery, CSAs are required to document certain reportable crimes and non-criminal hate motivated incidents which have been reported to them and which have occurred in the following locations:

- 1) **On-Campus property:** Offense statistics for any building or property owned or controlled by the University within the same reasonable contiguous geographic area and used by the University, used in direct support of, or in a manner related to, the University's educational purpose, including buildings or property the location described herein that is owned by the University but controlled by another person and which is frequently used by students. (Excluding residential life buildings).
- 2) **On-Campus residential life buildings:** Includes residential buildings of officially recognized organizations, such as Greek Life housing, in which students live, within one mile of campus.
- 3) **Non-Campus property:** Offense statistics for non-campus property or building owned or controlled by the University that is frequently used by students and is not within the same reasonable contiguous geographic area (one mile) of the institution, or any building/property that is owned or controlled by a student organization that is officially recognized by the institution.
- 4) **Public property:** Offense statistics for public property located immediately adjacent to and accessible from campus, including: thoroughfares, sidewalks, streets, lands, and parks.

For Clery purposes, whether an offender or victim is a student is not relevant. This report form is to be completed if a report of one of the highlighted violations occurs.

Clery documentation is not satisfied by simply directing/referring the reporting party to the OSU Police Department. In order for OSU to satisfy the statistical reporting requirements for the Clery Act, all CSAs are required to complete this form when any of the specified offenses listed below are reported to them. Nonetheless, a person reporting a crime shall also be encouraged to report the crime to the Oklahoma State University Police Department.

Sex Offense: Sex offenses are of special concern to the campus community because they have been historically under reported. The victim of a sex offense typically desires confidentiality and anonymity, as a result he/she will often seek a reporting source other than law enforcement such as a designated Campus Security Authority (CSA). Because the sex offender may continue to pose a threat to the community, the threat potential needs evaluated and the campus community alerted/warned as necessary. In this regard, the following additional information is requested. Because of the seriousness of this crime, forward immediately to proper authorities.
